

Welcome to Randwick Waverley Community Transport's Newsletter

Hi Everyone

We will maintain social distancing practices as well as our other safe travel procedures such as taking temperatures before getting on the bus. July socials have proved very popular and it's been fantastic to see you all again. As with July, August socials will have limited spaces due to social distancing, so bookings will be limited. August Socials will all be to OUTDOOR locations, with the prevailing circumstances we believe this is the safest way to provide these outings. To give everyone an opportunity for everyone to attend, we will be limiting pre bookings to a maximum of four trips for the month. Thanks for your understanding
