

## Welcome to Randwick Waverley Community Transport's Newsletter

Hi Everyone

In response to overwhelming demand, we are pleased to announce from October 7th we will be resuming our half day social adventures. We continue to maintain social distancing practices as well as our other safe travel procedures such as taking temperatures before getting on the bus. Social distancing means we will have limited spaces, so bookings will be limited. October Socials will all be to OUTDOOR locations, with the prevailing circumstances we believe this is the safest way to provide these outings. To give everyone an opportunity for everyone to attend, we will be limiting pre bookings to a maximum of four trips for the month. We look forward to seeing you all again.
