

## Welcome to Randwick Waverley Community Transport's Newsletter

Hi Everyone

Welcome to December's newsletter, November's outdoor excursions have proved popular, we've received some wonderful feedback and it's been great to see you all. December's socials trips will continue with Social Distancing in the vehicles, although we have increased capacity slightly, in line with Covid restrictions easing. Once again our December Socials will be to OUTDOOR locations to keep everyone as safe as possible. As we are still constrained by numbers limited, we are asking pre bookings to be limited to six this month to give everyone a chance to enjoy a day out. As always we look forward to seeing you.
